

PTE 猩际 阅读 FIB 秒选法则 28 条

名词结构:

1. **adj noun(s)**: earlier generations; mid-air collisions
2. **(the) noun of (the) noun**: (the) data of emission; (the) purpose of any university
3. **(the) noun's noun**: women's participation; the National Portrait Gallery's care
4. **adv adj n**: widely grown vegetable; environmentally sound (这里是形容词的涵义) economic growth
5. **because of (the) noun(s)**: because of the variation; because of its food value
6. **there be noun(s)**: there are (also) opportunities; there are (many) gaps

动词结构:

7. **be verb(ed) prep**: is influenced by; was conducted with
8. **have / has / had verb-ed (过去分词) noun**: have undergone a similar shift; has ignited public debate
9. **have / has / had been done**: has been mixed (with); has been brought (about)
10. **have (has, had) sth done**: has it covered; have their annual weight and height checked
11. **can / should / must / will / could/ might / may / have to do**: will stimulate (further investment); could highlight (accident black spots)
12. **完整句子 (最后一个词是名词) + that / which + ___**, 该空大概率是动词: The most common products that contain mercury are batteries, powerful outdoor lights, disinfectants and thermometers (products that contain mercury are batteries and lights).
13. **挖空处如果是谓语动词, 则需要和主语保持主谓一致**: When it detects a change in a person's health, the watch sends information to a touchscreen hub located in the home (when it detects a change, the watch sends information).

形容词结构

14. **a/an adj noun**: a definite break; an equal mount (of)
15. **be adj prep**: is relevant to; are native to
16. **stay / remain / grow / become adj**: stay hydrated; remain constant
17. **it is / was (so) adj that**: it is highly unlikely that ...; it is so unstable that ...
18. **noun(s) be adj**: all bias is deliberate; her sculptures are ambiguous
19. **more / most adj**: more resistant (to); (the) most destructive

副词结构

20. **adv adj**: surprisingly fast; extremely energetic
21. **adv verb**: unwittingly include; widely adopted
22. **挖空前后都有逗号, 但去掉该空后依然是一个完整句子时, 一般填副词/连接副词 (however, therefore 等)**: Overlying this basic order of color preference, however, are the

responses of individuals, which of course vary widely and may also be very powerful (overlying this order, however, are the responses of individuals).

连词结构

23. **and / or** 连接相同类型的成分时(noun, adj, verb)等, 并列的单词形式通常一致: (more) motivated and purposeful; have established partnerships and have maintained connection
24. 如果去掉挖空, 是两个完整的句子, 则该空大概率是连词 (**because, so, but** 等):
Because the Antarctic is less accessible than the Arctic, it is still largely undamaged by humans (because the Antarctic is less accessible, it is largely undamaged).

介词结构

25. **by doing sth**: by tracking information; by drawing attention
26. **with sth done**: with all elements carefully synchronised; with every form of exploitation internationally banned

非谓语结构

27. 完整句子 + **noun** + ___ + **prep**, 大概率是选 **v-ed** 形式: The watch sends information to a touchscreen hub (完整句子) located in the home (a hub located in the home).
28. 完整句子 + 逗号 (有时没有逗号) + ___ + 名词/名词短语, 大概率是选 **v-ing** 形式: The source material for study is exceptionally wide (完整句子), including not just human-made artifacts but also natural objects and even preserved body parts (the material is wide, including artifacts and body parts).
